KING EDWARD ELEMENTARY PARENT ADVISORY COUNCIL (KEEPAC)

Hello KEE community!

For those who are new, we are King Edward Elementary School's parent council, made up of the executive & *all of you!* Parents, grandparents, & guardians of KEE students are welcome to participate in council meetings & activities. During each meeting we hear from Principal Rygus & from one of our teachers, in order to stay informed on what's happening in the school & in our children's classrooms. *Parents also bring their voices to the table!*

KEEPAC has helped inform what our school is today. We financially support our arts' enrichment program & purchase tech for our children. KEEPAC members built our beautiful garden that can be used for teaching opportunities for our children. From the science fair, movie night, to multicultural potluck meals: *it's parents like you that make it happen!*

Due to COVID-19, KEEPAC's activities have been greatly reduced. We are taking this opportunity to use some of our online meeting time to focus on resource sharing & educational opportunities to talk about racism & discrimination in order to move toward equality and social justice for all.

Join us on Monday, October 19th! Let's keep the conversation going!

Thank you!

For participating in Orange Shirt Day & for honoring Residential School Survivors & their families. "We haven't talked about the sacredness of the choice of parenting that was made in the spirit world. That was a sacred covenant. That sacred bond was broken when children were taken away for school." Elder Kahontakwas (Diane Longboat)
